**MOTION TO FILE AND ADMIT A STIPULATION BETWEEN
AMEREN TRANSMISSION COMPANY OF ILLINOIS,
STOP THE POWER LINES COALITION, TARBLE LIMESTONE ENTERPRISES,
JDL BROADCASTING, INC., INTERVENORS PAUL THRIFT AND JOHN
THOMPSON, AND THE EDGAR COUNTY INTERVENORS**

Ameren Transmission Company of Illinois (“ATXI”) hereby moves for admission into the record in this case the attached Stipulation, marked as Stipulation Exhibit 5. In support of this motion, Petitioner states as follows:

1. ATXI filed a petition in this matter on November 7, 2012 seeking issuance by the Illinois Commerce Commission ("Commission") of a Certificate of Public Convenience and Necessity pursuant to Sections 8-406.1 and 8-503 of the Public Utilities Act, 220 ILCS 5/8-406.1, 8-503, authorizing ATXI to construct, operate, and maintain a new electric Transmission Line (as defined in the Petition) and related facilities (collectively, the “Project”) in areas of the State of Illinois.
2. ATXI proposed a Primary and Alternate Route for each section of the Project, including the portion of the route between the Mississippi River and the substation in southeast Quincy, Illinois.
3. On December 20, 2012, the Administrative Law Judges (“ALJs”) granted the Petitions to

Intervene of Tarble Limestone Enterprises (“Tarble”) and Paul Thrift and John Thompson (“Thrift-Thompson”). On December 31, 2012, the ALJs granted the Petitions to Intervene of Stop the Power Lines Coalition (“STPL”) and JDL Broadcasting, Inc. (“JDL Broadcasting”). On April 19, 2013, the ALJs granted the Petition to Intervene of Edgar County Intervenors.

4. On January 25, 2013, the ALJs granted STPL’s Motion for Leave to File an Alternate Route Proposal *Instantly*. STPL proposed two alternate routes: a First Alternate Route for consideration in the event the Commission found that neither ATXI’s Primary nor Alternate Route should be approved, and a Second Alternate Route for consideration in the event that STPL’s First Alternate Route was not approved.

5. The Stipulating Parties have engaged in discussions regarding resolution of certain concerns that have been raised by each of the Stipulating Parties with respect to proposed transmission line routes between Kansas, Illinois and the Illinois/Indiana State Line. As a result of the discussions, an agreement was reached between the Stipulating Parties resolving these concerns. This agreement is reflected in Stipulation Exhibit 5. Under the terms of the agreement, the Stipulating Parties, *inter alia*, support and recommend the Commission's approval of ATXI’s Alternate Route for the portion of the Project between the Kansas, Illinois, and the Illinois/Indiana State Line (the “Stipulated Route – Kansas to State Line”).

6. The Stipulating Parties agree that there is support in the record for the adoption of the Stipulated Route – Kansas to State Line.

7. The filing of Stipulation Exhibit 5 will ensure a full, complete and accurate record in this proceeding and will serve the interests of administrative efficiency in that issues otherwise in dispute are resolved by the agreement reflected in Stipulation Exhibit 5.

8. Counsel for each of the Stipulating Parties has reviewed this motion and is in agreement

with it.

WHEREFORE, for the above reasons, ATXI requests admission of Stipulation Exhibit 5 into the evidentiary record in this case.

Dated: May 1, 2013

Respectfully submitted,

Ameren Transmission Company of Illinois
